SAVORY BREAKFAST TOASTIE

Golden sourdough stacked with a seared sausage patty, an egg, smoked gouda, and avocado, with a tangy spread.

Serves 1 · 20 min

Ingredients

TOAST

- **2 slices** sourdough bread
- Plant-based butter (recommend Miyoko's spreadable oat butter)
- Ketchup
- Plant-based mayo (recommend Hellmann's)

FILLINGS

- Just Egg
- Dairy-free smoked gouda cheese (recommend Follow Your Heart)
- Impossible sausage roll
- Avocado
- Salt and pepper
- Nonstick spray

Method

1. You know those little tiny pans that are for one single egg? Spray one with nonstick spray, then add your Just Egg. Season with salt and pepper.
2. When one side of your egg is cooked, flip it over and add your cheese slice so it gets nice and melty.
3. Butter your sourdough bread slices lightly, and then add them to a pan. Turn them over as they turn golden brown, and add them to a plate.
4. Cut the avocado into thin slices. You really only need a couple, depending on the size of your bread.
5. Shape your Impossible sausage to the size of your bread, and cook it in the pan you used for your bread until browned on both sides.
6. Mix ketchup and mayo to make a spread. Spread it on both sides of your toasts.
7. Add your fillings: sausage, egg & cheese, and avocado on top.
